

OVERVIEW

With software from Mitchell Humphrey, organizations can dramatically improve the ease, speed, and accuracy of services to their citizens.

- Increase citizen satisfaction by enhancing the speed and accessibility of municipal services.
- Enables fast feedback and flexible reporting capabilities.
- Interdepartmental Query provides reports across all modules in use.
- Tax Utility Program provides property details for all modules. Optional Tax Conversion Utility keeps the GSS tax database up-to-date with current Tax Assessor requirements.

SOFTWARE FOR ALL DEPARTMENTS
