

Code Enforcement Solutions

FastTrackGov, from Mitchell Humphrey, is an on-demand, subscription-based solution that provides all levels of government with a full suite of automated *code enforcement*, *inspections*, and *violations tracking* systems. From a single, fully integrated system, *FastTrackGov* enables you to manage all activities for **Health and Safety, Building Management, Occupancy, Fire Protection, Citizen Requests, Licensing, and Periodic Inspections**.

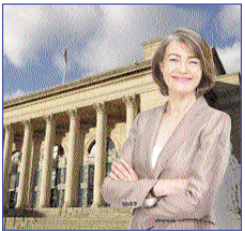

FastTrackGov delivers:

- Exceptional **citizen service** with on-line, real-time information including scanning and attachments
- Faster response with **streamlined workflow** for processing and notifications
- Lower **cost per citizen served** with automatic inspection scheduling, violation notifications, and fee computations
- An innovative pricing concept that requires **no capital outlay**

Inspectors Can:

- Maintain and view up-to-the-minute, on-line appointment schedules by day or by week
- Remotely access the *FastTrackGov* system from the field with a mobile device
- Create and print on-site violation notices, letters, citations, and inspection checklists
- Integrate with GIS, print maps, and view geographic representations of system data

Clerks and Administrators Can:

- Improve control over revenue with automatic computation of fees, fines, and other charges
- Electronically send notices, reminders, etc. to inspectors, approvers, and property owners
- Organize and distribute work with on-line task lists for each inspection type
- Automatically assign inspectors based on inspection type, availability, location, etc.

Public Officials Can:

- Easily analyze operational results (requests processed, violations issued, fees paid, etc.)
- Enhance citizen satisfaction with automatic recording, routing, and response to requests
- Increase revenue potential by automating computation of fees and other charges
- Ensure complete control over all code enforcement processes

Sign Up and Get Your *FastTrackGov* Benefits Right Away...with **NO** Capital Expenditure.
